If you do not wish to permit the storage of cookies on your unit, you can normally turn this off entirely or partially in the settings of your web browser or via our Cookie Banner. In certain web browsers, for example, you can choose to block all cookies, only accept first party cookies, or delete cookies when you close down your web browser. In your web browser's settings, you can also delete cookies which have been stored previously.

Remember that if you choose to delete or block cookies, this may result in our website or our services not functioning.

7 WHO MIGHT WE SHARE YOUR PERSONAL DATA WITH?

The personal data collected via third-party cookies will also be disclosed to the third party which provides the cookie (see the table under section 4).

If you sign up for our newsletter or use other forms on our website, we may transfer your information to [ActiveCampaign](#). ActiveCampaign is a web-based solution located in the USA, which we use to send newsletters, and we forward information such as company name, name, and email address.

Insatech A/S may also transfer your personal data to service and system. These recipients are only entitled to process your personal data on behalf of Insatech A/S while performing a service for Insatech A/S, for example delivering a product ordered by the Customer. Insatech A/S takes all reasonable legal, technical and organizational measures in order to ensure that your data is handled securely and with an adequate level of protection when transferring to, or sharing with, such selected third parties.

Insatech A/S may also release your personal data to public authorities where we are obligated to do so by law. In the event all or part of Insatech A/S's operations are sold, Insatech A/S may transfer your personal data to a potential purchaser of the business.

8 TRANSFERS OF PERSONAL DATA OUTSIDE OF THE EU/EEA?

Your personal data will be processed primarily within the EU/EEA, but may be transferred to USA. The Company has taken appropriate protective measures in order to protect your personal data through the recipient of the personal data having signed an agreement containing certain standard contract clauses which have been approved by the EU Commission.
